INTERNATIONAL SEARCH REPORT

International application No. PCT/EP2005/000758

Box II Observations where certain claims were found unsearch	hable (Continuation of item 2 of first sheet)					
This international Search Report has not been e stablished in respect of certain claims under Article 17(2)(a) for the following reasons:						
Claims Nos.: because they relate to subject matter not required to be searched by	y this Authority, namely:					
Although claims 1-17 are directed to a model body, the search has been carried out an compound/composition.						
Chaims Nos.: because they relate to parts of the International Application that do an extent that no meaningful International Search can be carried or	not comply with the prescribed requirements to such ut, specifically:					
3. Claims Nos.: because they are dependent claims and are not drafted in accordance.	nce with the second and third sentences of Rule 6.4(a).					
Box III Observations where unity of invention is lacking (Conti	nuation of item 3 of first sheet)					
This international Searching Authority found multiple inventions in this intern	ational application, as follows:					
As all required additional search fees were timely paid by the applic searchable dalms.	cant, this International Search Report covers all					
As all searchable claims could be searched without effort justifying of any additional fee.	an additional fee, this Authority did not invite payment					
As only some of the required additional search fees were timely pa covers only those claims for which fees were paid, specifically claim						
No required additional search fees were timely paid by the applican restricted to the invention first mentioned in the dalms; it is covered.	nt. Consequently, this international Search Report is d by claims Noa.:					
	search fees were accompanied by the applicant's protest. companied the payment of additional search fees.
